University Positions In Hunan. Hunan Provincial University wishes to secure two teachers for the coming semester or the coming year, one for Political Science (teaching political theories, municipal government, and administrative law) and one for Education (teaching introduction, history of education, and educational administration). Teaching load is from 12 to 14 a week. Salary begins with $260 per month for 12 months a year. Returned students with teaching experience in China are preferred. Yenching faculty members who happen to know among their friends someone interested in these positions, will kindly communicate with Prof. Leonard Hsü of the Department of Sociology.

PERSONAL NOTES

Miss Myfanwy Wood. In a letter from England a friend writes: "her address at Church on the Sunday was delightful. The clear way in she explained the Old and New China made us all feel the wonderful way things are working out there in quite a different light from any other speaker on the subject I have heard".

Dr. Shuhsi Hsü is due to reach Shanghai on February 4th. After reporting to the Ministry of Foreign Affairs, he will return to Yenching to resume his teaching work.

Judge Kuo's application for leave of absence for one more semester has been granted by the F. E. C., in order that he may continue the work of reorganising the Mixed Court in Shanghai, a work which he has so admirably started.

Prof. T. S. Wei of the Economics Department has been called by Mr. Sun Fo, President of the Legislative Yuan, to assist him in Financial Legislation in the Ministry. Mr. Wei has tendered his resignation to the University and it has been accepted. His courses will be taken over by Mr. Che Ching-po, as part-time lecturer.
